## **Re: Damaged Shrub & Bush Replacement**

### **Foxland Neighbors:**

Many of us lost landscaping over the winter. This is just a reminder that if you are replacing landscaping with identical plantings, no additional ARB approval is required. Given the extraordinary event this past winter, we are relaxing the guidelines and allowing substantially similar plantings (example: Japanese holly instead of a boxwood) without additional approval.

However, if you are planning a significant change such as adding hardscape or expanding existing landscaping, ARB approval is required. If you are in doubt, please do submit an ARB email request to: [ARCHREQUESTS@halorealestatel.com](mailto:ARCHREQUESTS@halorealestatel.com) along with the appropriate "ARB Architectural Improvement Form" which can be found on our HOA website.

Thank you in advance for your support and cooperation.
